St. Joseph (County of) IN

Update - Moody's Affirms St. Joseph County, IN's GO at Aa2

Summary Rating Rationale

Moody's Investors Service has affirmed the Aa2 rating St. Joseph County, IN's General Obligation (GOLT) Mental Health Revenue Refunding Bonds, Series 2012 bonds and upgraded to Aa2 from A1 the rating on St. Joseph County Redevelopment District, IN's (Special Taxing District Refunding Bonds of 2010) GOLT bonds. This rating action affects $4.6 million in rated debt.

The Aa2 GOLT rating is rated on parity with Moody’s internal assessment of the county’s hypothetical general obligation unlimited tax (GOULT) rating. Both GOLT bonds have ample margin under their rate limitations, providing flexibility in the event of assessed valuation declines. The Aa2 rating considers the county’s large tax base that is home to University of Notre Dame du Lac, IN (Aaa stable), low resident income indices; satisfactory financial operations with solid reserves; and manageable debt and pension burdens.

Credit Strengths

» Institutional presence of Notre Dame du Lac, IN (Aaa stable)

» Moderate exposure to unfunded pension liabilities

Credit Challenges

» Relatively weak socio-economic characteristics

» Limited revenue raising ability

Rating Outlook

Outlooks are usually not assigned to local governments credits with this amount of debt.

Factors that Could Lead to an Upgrade

» Sustained maintenance and growth of operating reserves and liquidity

» Material improvement in the county's demographic profile

Factors that Could Lead to a Downgrade

» Weakening of the county's tax base and/or residential income indices

» Deterioration of operating reserves and/or liquidity

» Material increases in fixed costs

Detailed Rating Considerations

Economy and Tax Base: Large Tax Base with University Presence
We expect St. Joseph’s tax base to remain relatively stable due to the institutional presence of higher education institutions. Located approximately 140 miles north of Indianapolis (Aaa negative) and 90 miles east of Chicago (Ba1 negative), the county is home to several colleges and universities, including the University of Notre Dame du Lac, IN (Aaa stable/5590 employees), which lends considerable stability to the regional economy. The county’s $15.9 billion (gross assessed valuation) tax base experienced growth of 1.0% in the most recent year with a five year average annual decline of 0.4%. Resident income levels are below average, with median family income at 88% of the US. As of March 2017, the county’s unemployment rate of 3.9% was above both the state (3.8%) and nation (4.6%).

Financial Operations and Reserves: Satisfactory Financial Operations
The county’s reserves are expected to experience a slight reduction, though remain solid based on currently planned draws and projected return to balance operations in fiscal 2018. Available fund balance across all operating funds (General, Debt Service, County Option Income Tax, County Economic Development Income Tax, County Health, County Park and Recreation, and Rainy Day Funds) totaled $311 million, or 18.2% of operating revenues, at the close of fiscal 2015. Unaudited results for fiscal 2016 indicates growth across its operating funds of $1.9 million bringing the county’s fund balance to $33.0 million or 19.6% of operating revenues. For fiscal 2017, the county has budgeted for a $1.4 million reduction in its General Fund balance due to declining property tax revenues associated with the Circuit Breaker legislation. The county is currently developing a multi-year plan for expenditure reductions and revenue enhancements in order to return to balanced operations in fiscal 2018.

The county’s primary source of operating revenues were property and income taxes which comprised 71.5% of operating revenues in fiscal 2015.

LIQUIDITY
Available cash and investments in the county’s operating funds totaled $311 million, or a satisfactory 18.2% of operating revenues, at the close of fiscal 2015.

This publication does not announce a credit rating action. For any credit ratings referenced in this publication, please see the ratings tab on the issue/entity page on www.moodys.com for the most updated credit rating action information and rating history.
Debt and Pensions: Modest Debt and Pension Burdens
At 0.2% and 2.2% of full value (gross assessed value), respectively, St. Joseph's direct and overall debt burdens are low relative to comparably rated credits. Debt service comprised a very low 1.9% of county operating revenues in fiscal 2015. The county’s fixed costs (combined debt service and retirement expenditures) totaled $9.8 million, which equaled a modest 5.7% of operating revenues. At this time, the county plans on borrowing $18 million for the South Shore railroad projects and $10 million for energy efficiency projects in the next year. Both of these issuances would be general obligation debt.

DEBT STRUCTURE
All of the county’s outstanding debt is fixed rate and amortizes over the long term.

DEBT-RELATED DERIVATIVES
The county is not a party to any interest rate swap or derivative agreements.

PENSIONS AND OPER
The county participates in three separate pension plans: Indiana Public Employees’ Retirement System (INPRS), County Police Retirement Plan, and the County Police Benefit Plan. The INPRS is an agent multiple employer public retirement system. The county’s contribution to the plans totaled $6.6 million or 3.9% of operating revenues in fiscal 2015.

The county’s three-year average Moody’s adjusted net pension liability (ANPL), our measure of a local government’s pension burden, is a strong 0.5 times operating revenues in fiscal 2015. However, the single-year ANPL of $109.3 million in fiscal 2015 is up 49% from fiscal 2014’s ANPL of $73.5 million. Moody’s ANPL reflects certain adjustments we make to improve comparability of reported pension liabilities. The adjustments are not intended to replace the county’s reported contribution information, but to improve comparability with other rated entities. We determined the county’s share of liability for their plans in proportion to its contributions to the plan and covered payroll.

Management and Governance: Moderate Institutional Framework
Indiana counties have an Institutional Framework score of A, which is moderate compared to the nation. Institutional Framework scores measure a sector’s legal ability to increase revenues and decrease expenditures. Property taxes are subject to limitations under Circuit Breaker legislation, and counties rely on income tax distributions from the state, which can be unpredictable. Counties have a high ability to adjust expenditures, which mostly consist of public safety and health service costs, given limited public sector union presence.

Though the county does not have a formal General Fund balance policy, management seeks to maintain General Fund reserves 25% of expenditures, although a formal plan has not been established to achieve this goal.

Legal Security
The 2010 bonds are payable from tax increment revenues generated from the district’s Economic Development Area No. 3 (EDA No. 3) and the county’s share of Economic Development Income Taxes (EDIT). Debt service is ultimately secured by the county’s pledge revenues from a Special Benefits Tax levied on all taxable property within the redevelopment district. The district is conterminous with the county except for the Cities of South Bend (Aa3 NOO) and Mishawaka, the county’s two largest cities, and the Towns of Walkerton and Lakeville.

The Series 2012 bonds are secured by the county’s dedicated limited ad valorem property tax levy, levied under the Mental Health Levy Act, subject to circuit breaker limitations.

Use of Proceeds
Not applicable.

Obligor Profile
Located approximately 140 miles north of Indianapolis (Aaa negative) and 90 miles east of Chicago (Ba1 negative), St. Joseph County lies along I-80/90, encompassing 467 square miles.
Methodology
The principal methodology used in this rating was US Local Government General Obligation Debt published in December 2016. Please see the Rating Methodologies page on www.moodys.com for a copy of this methodology.

Moody's Investors Service, Inc., a wholly-owned credit rating agency subsidiary of Moody's Corporation ("MCO"), hereby discloses that most issuers of debt securities (including corporate and municipal bonds, debentures, notes and commercial paper) and preferred stock rated by Moody's Investors Service, Inc. have, prior to assignment of any ratings, agreed to pay to Moody's Investors Service, Inc. for appraisal and rating services rendered by it fees ranging from $1,500 to approximately $2,500,000. MCO and MSF also maintain policies and procedures to address the independence of MSF's ratings and rating processes. Information regarding certain affiliations that may exist between directors of MCO and rated entities, and between entities that hold ratings from MSF and have also publicly reported to the SEC an ownership interest in MCO of more than 5%, is posted annually at www.moodys.com under the heading "Investor Relations — Corporate Governance — Director and Shareholder Affiliation Policy."

Additional terms for Australia only: Any publication into Australia of this document is pursuant to the Australian Financial Services License of MOODY'S affiliate, Moody's Investors Service Pty Limited ABN 61 003 299 657/AFSL 338596 and/or Moody's Analytics Australia Pty Ltd ABN 94 105 136 972 AFSL 385586 (as applicable). This document is intended to be provided only to "wholesale clients" within the meaning of section 761G of the Corporations Act 2001. By continuing to access this document from within Australia, you represent to Moody's that you are, or are accessing the document as a representative of, a "wholesale client" and that neither you nor the entity you represent will directly or indirectly disseminate this document or its contents to "retail clients" within the meaning of section 761G of the Corporations Act 2001. MOODY'S credit rating is an opinion as to the creditworthiness of a debt obligation of the issuer, not on the equity securities of the issuer or any other security of that is available to retail investors. It would be reckless and inappropriate for retail investors to use MOODY'S credit ratings or publications when making an investment decision. If in doubt you should contact your financial or other professional adviser.

Additional terms for Japan only: Moody's Japan K.K. ("MJKK") is a wholly-owned credit rating agency subsidiary of Moody's Group Japan K.K., which is wholly-owned by Moody's Overseas Holdings Inc., a wholly-owned subsidiary of MCO. Moody's K.K. ("MSF") is a wholly-owned credit rating agency subsidiary of MJKK. MSF is not a Nationally Recognized Statistical Rating Organization ("NRSRO"). Therefore, credit ratings assigned by MSF are Non-NRSRO Credit Ratings. Non-NRSRO Credit Ratings are assigned by an entity that is not a NRSRO and, consequently, the rated obligation will not qualify for certain types of treatment under U.S. law. MJKK and MSF are credit rating agencies registered with the Japan Financial Services Agency and their registration numbers are FSA Commissioner (Ratings) No. 2 and 3 respectively.

MJKK or MSF (as applicable) hereby disclose that most issuers of debt securities (including corporate and municipal bonds, debentures, notes and commercial paper) and preferred stock rated by MJKK or MSF (as applicable) have, prior to assignment of any rating, agreed to pay to MJKK or MSF (as applicable) for appraisal and rating services rendered by it fees ranging from JPY200,000 to approximately JPY350,000,000.

MJKK and MSF also maintain policies and procedures to address Japanese regulatory requirements.
