

Butterfly Hang-Arounds

You need:

Pipe cleaners

Yarn

Tissue paper cut into approx 7-inch, blunt ended ovals

Twist a head in the middle of the pipe cleaner, and select 2 sheets of tissue paper.

Scrunch the tissue paper in the pipe cleaner.

Twist the “abdomen” of the butterfly and bend the ends upwards to eliminate the sharp ends. Tie string or yarn to the head. Take outside and have the children “fly” their butterflies. Be sure the butterflies visit flowers for nectar!

Hang all the butterflies from the ceiling for a colorful display.
